

Schedule of the French and Dutch loans

SCHEDULE of the FRENCH and DUTCH LOANS,

Shewing the Periods of their Redemption, with the annual Interest payable thereon until their final Extinction, for which Provision is yet to be made. [table]

Schedule of the French and Dutch Loans continued. [table]

It is to be observed that the sum of 50,000 out of 90,000 dollars (which is stated in this Schedule, as applied for the payment of interest on the French loans) has been appropriated as a provision for a payment of interest on the Dutch loans; — this does not effect the aggregate sum of interest for 1786, as carried out in the Schedule.
